Joseph D. Kuborn is a registered patent attorney and partner at Andrus Intellectual Property Law.

Joe focuses his practice on domestic and international patent and trademark prosecution and strategic analysis related to product development and discoveries. He is experienced in the areas of intellectual property enforcement and infringement studies. He also counsels clients on trade secret protection and copyrights and has experience with drafting and negotiating technology transfers, license agreements, and confidentiality agreements. Joe has prepared, filed and prosecuted hundreds of patent applications and provides infringement, novelty and right-to-use opinions.

Joe has worked with a wide variety of technologies, including medical devices, medical monitoring technologies and equipment, RF technology, wireless communication devices, utility metering equipment, computer software and hardware, plastic film handling, smoke detecting devices, home heating system controls, car wash operational controls, home stand-by power systems, internet-related business methods and software, office furniture designs, and sporting equipment.

Joe has been featured in *Chambers USA* as an Up and Coming attorney in the field of Intellectual Property. In 2011, *Chambers* said Joe "is the 'master of writing patents,'" according to interviewees. "He wins particular praise for his 'understanding of product design concepts.'" In 2012, *Chambers* said Joe "is described as 'practical, budget-minded and very responsive,' and also elicits praise for his 'rational, levelheaded' attitude to matters. He handles both domestic and cross-border patent and trademark prosecution, and has vast experience of working with products in a variety of technology
